We're pleased to announce the launch of two Alberta [SPOR SUPPORT Unit](#) platforms:

- [Data](#)
- [Methods Support & Development](#)

Also, we are pleased to announce the creation of the Alberta SPOR [Graduate Studentship](#) in patient-oriented research from the Career Development in Methods & Health Services Research Platform. The program will fund up to eight awards for up to one year at \$30,000 each. The application deadline is October 1st, 2015. Details of how to apply on the ResearchAlberta website.

The Alberta SPOR SUPPORT Unit has seven platforms offering a range of services to support patient-oriented research (POR), from the initial concept through to activities associated with close of a study. The five remaining platforms will open their virtual doors by the end of 2015. The Alberta SPOR SUPPORT Unit's goal is to increase the quantity and quality of patient-oriented research conducted in Alberta and the Northwest Territories.

You can learn more about and access Alberta SPOR SUPPORT Unit platform support and expertise through the [ResearchAlberta](#) web portal, which is also a "one-stop shop" for clinical research needs, or contact: SPOR@aihealthsolutions.ca

Yours sincerely,

Tim Murphy
Vice President, Provincial Platforms & SPOR
