

ACCA Award of Excellence

Volunteer of the Year

Dr. Harry Lutzer

Person-Centred Care: *Walk the talk!*

ACCA
ALBERTA CONTINUING CARE ASSOCIATION

Awarded to one continuing care sector volunteer who has demonstrated exemplary client care through a commitment to quality, compassion, excellence, and enriching their clients' lives.

“**Dr. HARRY LUTZER** has been an active Recreation Therapy Volunteer through Villa Caritas for the past 4 years. The care he received while recovering from pneumonia himself at the Misericordia made him want to provide this care and attention to others. His selfless attitude has shone through the doors of Villa Caritas and Misericordia since he chose to volunteer his time at both facilities.

Nominated by Craig Boyle and Brenda Shim, Harry is described as providing interactions that include reflection, meaningful conversation, singing and other activities. Harry received compassionate care as a patient of Misericordia Hospital which he infuses into his own stories and shares with the folks he serves.

Harry has been involved with volunteering at St. Thomas Assisted Living Centre. He actively fundraises for the Breast Cancer Society. He has also served in a volunteer capacity as Chairman of Canada Career Week for 3 years.

Harry has provided approximately 430 hours of volunteer work through Misericordia and Villa Caritas over a 5 year period.

Harry exemplifies community service and is truly a passionate, warm, and inspirational volunteer and human being.

We congratulate you and thank you, Harry, for the meaningful volunteer contributions and care you provide.
